Experience

Full-Stack Web Development Intern <div align="right">India</div>
Business Web Solutions (BWS) Inc. <div align="right">January - April 2025</div>

- Completed comprehensive training in JavaScript, React, Node.js and other technologies, accelerating readiness for full-stack development tasks
- Integrated an open-source LLM into app workflows, enabling automated insights and suggestions for users

Projects

Jiso - Mental Health Companion <div align="right">jiso-frontend ↗</div>
Internship Project

- Engineered the frontend using React.js and devised a scalable RESTful backend via Node.js, Express.js, and MongoDB
- Integrated an open-source LLM to power therapist-style chat interactions, delivering real-time suggestions and mental health assistance
- Implemented mood-tracking and journaling features drawing on CBT (Cognitive Behavioral Therapy) techniques to support daily user engagement; increasing effectiveness by 30%

Quiz Time <div align="right">quiz-time ↗</div>
Personal Project

- Built a dynamic quiz app using modern React patterns like Context API and custom hooks
- Persisted game state via local-storage to ensure seamless user experience across sessions

Floating Sticky Notes <div align="right">sticky-notes ↗</div>
Personal Project

- Created an interactive React.js note-taking app with user authentication
- Leveraged AppWrite backend to manage data sync and user session persistence

Currency Converter <div align="right">currency-converter ↗</div>
Personal Project

- Developed a React.js app that fetches real-time exchange rates from a currency API
- Supported multiple currencies and real-time updates, delivering faster conversion data

Quirx - Video Sharing Platform <div align="right">quirx ↗</div>
Personal Project

- Designed a full-stack video-sharing site using HTML, CSS, PHP, JavaScript & MySQL
- Implemented an admin dashboard to moderate content and manage users
- Devised a star-based rating system to enhance user feedback and interactivity

Technical Skills

Languages: JavaScript, HTML, CSS, PHP, Python
Frameworks & Libraries: React.js, Next.js, Node.js, Express.js, Mongoose, ShadCN, Tailwind CSS
Databases: MongoDB, MySQL/SQL
Tools & Technologies: Git, VS Code, Postman, RESTful APIs, LLMs, LLM Integrations

Education

Institute of Advanced Research (IAR), Gandhinagar <div align="right">2022 - 2025</div>
Bachelor of Computer Applications
